Formulary Update

Just a reminder that you can access our recently updated Contact Lens Formulary and Network Administration Manual in the Provider Tools section of spectera.com.

FEATURED STORIES

Committed to Our Future

Change usually isn't easy, but it is necessary if we want to improve and grow our business together. With the launch of our new system we have experienced some difficult challenges. Rest assured that we are working hard to get our provider network back operating at full capacity. We have already implemented numerous fixes to our infrastructure and will continue to do so until everything is back in order. Your continued patience and support are greatly appreciated.

ADMINISTRATIVE

3D Movies and Vision Health

This summer, many of your patients will be enjoying movies that use 3D technology. The American Optometry Association reports that 3D movies have the potential to help identify vision problems that might otherwise go unnoticed. For more information you can use to help educate your patients, click here.

ICD-10 Delayed Implementation Postponed in 2014

As part of a final rule issued on Aug. 24, the Department of Health and Human Services has announced a change to the compliance date for the International Classification of Diseases, 10th Edition (ICD-10-CM and ICD-10-PCS) Medical Data Code Sets. The proposed one-year delay has been approved moving the compliance date for use of the ICD-10 diagnosis and procedure codes from Oct. 1, 2013 to Oct. 1, 2014. Spectera Eyecare Networks remains committed to timely compliance and continues to actively prepare for the October 2014 implementation date.

Update Your Office Hours on our Provider Locator

In the near future, Spectera Eyecare Networks will begin to display your office hours in our online Provider Directory that is utilized by our members. To assure that your patients have access to your office hours, click here to make your profile updates today!

Grow Your Practice with *Lincoln VisionConnect*®

Did you know as a participating provider with Spectera Eyecare Networks you are able to service *Lincoln VisionConnect*® members? With nearly 81,000 members enrolled in the *Lincoln VisionConnect*® product, we are excited to bring new patients to your practice and demonstrate our continued commitment to building invaluable relationships. For more information, click here.

UnitedHealthcare Bridge2Health® Program

As a valued network eye care professional, you are part of UnitedHealthcare's unique approach called Bridge2Health which helps you better serve and provide care to your patients, which in turn helps them make better decisions about their health. You can find an introduction to Bridge2Health by logging onto spectera.com and going to the Bridge2Health tab and selecting "Overview". Bridge2Health includes dilated fundus exam (DFE) recommendations for patients with chronic conditions, allowing you to schedule additional time in advance. Bridge2Health also provides proactive outreach to remind patients with chronic conditions to schedule their annual exams.

On the new provider portal, you can find DFE recommendations by searching for a patient and selecting "view patient benefits." To learn more about B2H click here.
