

SERVICE SPOTLIGHT: OUR PROVIDER RELATIONS TEAM IN ACTION!

Our Provider Relations team works closely with you and your staff, focusing on your making your experience with Spectera Eyecare Networks the best it can be!

[Click here](#) to check out our new video that highlights the level of service our Provider Relations Advocates deliver, and the pride they have in the work they do!

April is National Interprofessional Health Care Month

National Academies of Practice has declared April as National Interprofessional Health Care Month. Quality health care requires collaboration, and as part of Spectera Eyecare Networks, you're already celebrating! Through our integrated health and wellness program, Bridge2Health, we help you make a difference in your patients' overall health and wellness. We use the diagnosis codes on your claims for over 23 different conditions to identify patients for care integration opportunities into disease management programs.

Learn more about our Bridge2Health program at spectera.com -> **Bridge2Health**. For more information about National Interprofessional Health Care Month, [click here](#).

Anti-Reflective Formulary Update - Effective April 24th

Effective April 24th, 2017 the anti-reflective formulary will now include the Crizal Easy UV on the Standard tier instead of the Premium tier. The updated anti-reflective formulary can be found on spectera.com -> **Links and Tools** -> **Formulary Lists**.

Update to spectera.com Provider Validation Process

Earlier this year, we rolled out functionality on spectera.com that allows you to validate your practice information online. [Click here](#) to learn about how to speed up the turnaround time on

your change requests.

Thank you for your valued partnership!
