

## INTRODUCING THE UNITEDHEALTHCARE CHILDREN'S EYE CARE PROGRAM

UnitedHealthcare is excited to announce their new Children's Eye Care Program, launching before the end of 2018. [Click here](#) to learn more!

### March Vision and UnitedHealthcare

The Spectera Eyecare Networks team has begun to make some outreach calls on behalf of March Vision to identify practices participating with Spectera Eyecare Networks that accept Medicaid plans. March Vision was acquired by UnitedHealthcare in 2015 and we are working with their network team to bring access to the Medicaid population that we have the privilege to serve.

### Interested in learning more about Myopia Management?

Evidence suggests that 50% of the world's population will be myopic by 2050 or earlier - that's 4.8 billion people. The Brien Holden Vision Institute has developed the Managing Myopia program based on the latest advances in research that will change the way you understand and manage myopia. This low-cost, 6-hour online course is self-paced and features the global leaders in myopia management through instructional videos, interactive case studies and a live webinar. Continuing education credit is available. [Click here](#) to learn more!

### When is a new W-9 Form required?

While W-9 forms do not expire, it's important to ensure that information reported to Spectera Eyecare Networks matches the information submitted on the service providers' tax return.

The IRS requires the replacement of an existing W-9 form when:

- A person's name legally changes
- The legal entity has a name change
- The business changes from one type of legal entity to another( for example, a sole proprietorship changes to an LLC)
- There is a change in taxpayer ID number

*Thank you for your valued partnership!*
